Tokyo, Japan / +81 70-4551-1738 / cole.masaki@gmail.com
**PORTFOLIO** **colemasaki.com**

## PROFILE

Lead Designer working since 2019 across licensed entertainment IP, merchandise, e-commerce and campaigns. Leads projects from concept to launch, combining art direction, hands-on design, web development, production and international partner coordination.

## PROFESSIONAL EXPERIENCE

### **Independent / Freelance** / Designer & Web Developer — **2019–Present**

Project-based since 2019; full-time independent practice since June 2026.

- Delivered visual identities, logos, album artwork and campaigns; produced recurring social and marketing creative for SNPIT.
- Designed and developed bilingual WordPress client sites and a Next.js / Vercel design-services website.

### **Tokyo Dub Agent** / Lead Designer — **2023–2026**

- Led art direction and execution across websites, licensed merchandise, retail signage, campaigns and events; coordinated production and approvals with partners.
- Designed and built 3 websites for Tokyo Dub Agent, Akihabara Tourism Organization and AKIHABARA PREMIUM COLLECTION, including Shopify e-commerce.
- Directed premium IP merchandise and campaign design for Attack on Titan, Ghost in the Shell, Cowboy Bebop, Madoka Magica, Chainsaw Man and Baki.
- Owned design for every AKIBA EDEN LOT collection during tenure, including Monogatari Series and STEINS;GATE: original graphics, print files and promotional imagery.
- Produced creative for 25+ Akihabara campaigns, including the 100-store Hatsune Miku festival, NIKKE, Wuthering Waves and Akihabara International Film Festival.

### **Decoded Japan** / Lead Designer — **2022–2023**

- Led web, product-facing and promotional design for a collectible-wine NFT venture producing 150,000+ generative images; developed related motion, campaign and Tapestry brand assets.

### **AnimeX Japan** / Graphic Designer — **2019–2021**

- Created promotional graphics and interface assets for online gaming platforms in collaboration with developers.

## SELECTED INDEPENDENT PROJECT

**Wheels of Steel** / Independent game project (2026) — Visual direction, UI and Steam promotional materials for a stylized Unity 3D game.

## CORE SKILLS
